NUMBER 243.

## WILL SOON DISSOLVE.

In a Month Camp Wikoff Will Be Only a Shadow.

## MEN WILL BE SENT HOME.

Several Thousand Will Get Their Release Weekly.

## REGULARS RETURN TO POSTS.

An Expert Will Make a Chemical Examination of the Water Drawn From the Wells in Camp, Which Are Driven Very Deep.

Camp Wikoff, Montauk Point, N. Y., Sept. 5.—This great camp will dissolve during the three coming weeks, and by October 1 it will have shrunk to slender proportions.

The men, according to the war department's present designs, will leave the camp as fast as transportation can be conveniently provided, probably at the rate of 3,000 or 4,000 a week.

The convalescent from the hospitals, instead of being sent again into camp with their companies, will go to their homes.

The president, Secretary Alger and General Wheeler had a talk about it and although General Wheeler thought the men would do well in camp until October 1 it was determined to continue sending the men away.

The regulars taken from the posts east of the Mississippi will, according to the president's directions, be sent where they were before the war. The war department has not transmitted the order to General Shafter yet, but it will no doubt be received by Tuesday.

General Wheeler said that Lieutenant Colonel Smart of the medical staff of the army had come to chemically examine the water supplied to the camp. People had an idea that the water came from the fresh water pond. General Wheeler said they were mistaken. The water was drawn from wells 200 and 300 feet deep.

Women passing through the camp were displeased by seeing that some tents did not have floors and fancied that the men must sleep on the ground. They were wrong in supposing that. In tents without floors were wooden bunks or thick straw. As for himself, General Wheeler said he liked the camp better every day and would like to live in it until October 1.

The season of September gales is approaching and the war department foresees that the Long Island railway may not be able to move conveniently more than 1,000 men a day. Plans have been partially made to transport troops to New York by water if it should be advisable.

## Deserting Camp Thomas.

Chickamauga, Ga., Sept. 5.—The headquarters of the First and Second brigades, First division, Third corps, has been moved to Anniston. The Fourteenth left for Anniston, and battery A, Georgia light artillery, for Griffin, Ga. The signal corps left for Knoxville. On Monday the remaining artillery batteries will leave for their home states to be mustered out, and one or more regiments will leave for Anniston. The First Mississippi and the First Missouri will leave for their home states early next week, probably Tuesday and Wednesday.

## Conferred With Governors.

Washington, Sept. 5.—Three governors of states had each a conference with Adjutant General Corbin. Governor Frank S. Black of New York talked with General Corbin about his visit to the camps in the south. He assured General Corbin that the health conditions of the troops in the camps were not so bad as they had been pictured. Governor Voorhees of New Jersey had a further conference and Governor Schofield of Wisconsin discussed the health conditions of the Wisconsin troops in the various camps.

## Tenth Ohio's Sick.

Philadelphia, Sept. 5.—The third hospital train sent here under the auspices of the Medico-Chirurgical hospital, arrived from Camp Meade, Pa., with more than 100 sick on board. Most of the men are suffering from typhoid fever. Over 300 sick soldiers are now being cared for at the Medico-Chirurgical hospital. Among the patients received were the following members of the Tenth Ohio: Henry A. McAllister, company H, Perryburg, O.; James Henley, company K; W. Coleman, company K.

## Two Buckeye Soldiers Ill.

Philadelphia, Sept. 5.—The University of Pennsylvania hospital train

returned with 40 sick soldiers from Camp Meade. They are members of New York, Rhode Island, Massachusetts, Michigan, Indiana, West Virginia, Tennessee, Illinois, Ohio and Missouri regiments. Nearly all are suffering from typhoid or malarial fever. None are seriously ill. The Ohioans are: Thomas Williams, company C, Ninth regiment, Columbus; Joseph E. Sattler, company K, Cleveland.

## Bids For Smokeless Powder.

Washington, Sept. 5.—Probably the navy has fought its last war with black powder. Bids were opened for supplying warships with 1,000,000 pounds of smokeless powder, a quantity sufficient to supply at least the secondary batteries of all the ships in the service, and this supply will be augmented from time to time until within the course of a year or two all the black powder will have been retired, except possibly some that will be retained for saluting purposes.

## Roosevelt Makes a Speech.

Camp Wikoff, Montauk Point, N. Y., Sept. 5.—The Rough Riders will muster out toward the end of the week probably, and will not parade. The Rough Riders had religious service in their camp. Colonel Roosevelt made a little speech. Colonel Roosevelt complimented the gallantry of the men. When the regiment was forming, he said, many men had offered themselves who said they were ready to "storm the Morro or fight hell," but would not take kindly to camp routine and drill. All such men had been rejected.

## Spain's Peace Commissioners.

Madrid, Sept. 3.—It is currently reported that the Spanish ministers at the cabinet meeting definitely selected the three following peace commissioners: General Rafael Cerero y Saens, general of engineers; Senor Eugenio Montero Rios; Senor Villaurrutia, under secretary of state for foreign affairs. The Carlists declare that after protesting in the cortes against the policy of the government they will withdraw.

## A Cell and Dishonorable Discharge.

Washington, Sept. 5.—Corporal William I. Ellington, company K, Fourth United States volunteer infantry, having been found guilty of a violation of several articles of war, a court-martial convened at Fredericksburg, Va., was sentenced to dishonorable discharge and confinement in prison for three years. The man will be sent to St. Francis barracks, St. Augustine, Fla., for confinement.

## Medical Experts Report.

San Francisco, Sept. 5.—The medical court of inquiry appointed to investigate the condition of soldiers here made a preliminary report in regard to the sickness of the Seventh California regiment. It states that out of 1,260 men in the regiment there are 73 who are sick, or about 6 per cent. Of the 73 cases, 19 are due to typhoid fever, which is 1/3 per cent of the regiment's total strength.

## Better Than Expected.

Frankfort, Ky., Sept. 5.—Governor Bradley and his corps of surgeons and nurses returned with the Kentucky hospital train from Chickamauga. The governor after personal inspection of Camp Thomas, does not credit many stories of neglect of soldiers at Camp Thomas by their officers, and says the situation there is much more favorable than he expected to find.

## Laduke In Prison.

Leavenworth, Kan., Sept. 5.—Private Alexander LaDuke, company I, Second Wisconsin volunteers, was placed in the federal prison here, to remain for the murder of Private Thomas Stafford of the Thirteenth United States infantry. In a saloon row at Ponce, Porto Rico, LaDuke asserts he shot Stafford in self defense.

## Charged Two Bits For a Sandwich.

Washington, Sept. 5.—The alleged overcharging by stewards on board transports is stated at the quartermaster general's office to be one single instance, where a steward charged a soldier 25 cents for a sandwich. No other complaints of the kind have been made at the quartermaster's department.

## Heat Affecting the Troops.

New York, Sept. 5.—The hot weather is increasing the death rate among the sick soldiers in the hospitals at Camp Wikoff to an alarming degree, besides prostrating many men who heretofore have not been on the sick list. There were 18 deaths Friday and more have occurred since midnight.

## Buried at Sea.

Camp Wikoff, Montauk Point, N. Y., Sept. 5.—The troopship Roumania, five days from Santiago, came in with companies K and L of the Ninth Massachusetts, and convalescents from various commands, in all about 600 men. Seven died on the voyage and were buried at sea.

## Gloucester Arrives.

New York, Sept. 5.—The United States auxiliary cruiser Gloucester

Commander Wainwright, which sailed from Guantanamo last Monday, arrived in port all well, and anchored off Tompkinsville.

## Suspicious Characters Shot.

Manilla, Sept. 5.—According to advices from Ilo Ilo, General Rios, governor of the Visayas, is arresting and shooting suspected persons, including prominent natives of Manilla.

## Will Leave Thursday.

Annapolis, Md., Sept. 5.—It is understood here that Admiral Cervera and the other Spanish prisoners will leave here Thursday. Captain Eulate has secured the City of Rome of the American line as a transport.

## Ohio's Hospital Train.

Chickamauga, Ga., Sept. 5.—The Ohio hospital train has arrived at camp. It will leave for Columbus with the sick Ohio volunteers as soon as possible.

## Pennsylvania Boys Aboard.

Ponce, Porto Rico, Sept. 5.—The United States transport Mississippi has sailed for New York, having on board the Pennsylvania cavalry and artillery.

## Will Break Camp.

Camp Wikoff, Montauk Point, N. Y., Sept. 5.—The Eighth Ohio and First Illinois will break camp Tuesday.

## Committed Suicide.

Camp Wikoff, Montauk Point, N. Y., Sept. 5.—Arthur Fieble, a private in company F, Second United States infantry, killed himself in his tent. He took his Krag-Jorgensen rifle, put the muzzle to his left eye and touched off the trigger with his sword bayonet. He was recruited in Tampa three and a half months ago, went to Cuba, fought, caught the fever and was out of his mind for some time. He had been nearly himself for several days.

## BIG CROWDS

Arrive at Cincinnati to Attend the Grand Army Encampment.

Cincinnati, Sept. 5.—Over 20,000 excursionists are estimated to have arrived here for the thirty-second national encampment of the Grand Army.

The depots and the streets presented every appearance of the great annual reunion as the excursionists arrived and were soon seeing the sights.

None of the posts arrived in hordes, and yet there were many uniforms among the excursionists. Rain in the morning made the day pleasant for the early arrivals in visiting Camp Sherman and other attractions, and there is every indication that the hot wave is over so far as this locality is concerned. The arches and other structures were illuminated and thousands viewed the decorations. The first parade occurred during the morning, when the naval veterans escorted Admiral Daniel F. Kelly and staff from the depot to the naval headquarters.

The local posts and others will form another procession at the depot when Commander-in-Chief Gobin and staff arrive and are escorted to their headquarters.

The local posts and naval veterans will be engaged all day. Owing to his work in connection with the Ohio hospital train Governor Bushnell and staff will not arrive until Tuesday evening, and like duties with the sick Michigan soldiers prevent Governor Pingree and staff from arriving until Wednesday morning. The governors of all the states will be met on their arrival with large escorts.

The friends of Colonel Albert D. Shaw of New York, James A. Sexton of Illinois and I. F. Mack of Ohio are at work early in the contest for commander-in-chief, and there is also an early contest between Philadelphia, Pittsburg, Denver and other places for the next national encampment.

Assistant Secretary of Agriculture J. H. Brigham is here from Washington to participate in the reunion of his old regiment, as is also Chaplain Couden of the house of representatives at Washington.

In connection with the encampment there will be an unusually large Labor day demonstration here.

## Will Be Postponed.

Washington, Sept. 5.—General D. S. Stanley, president of the Society of the Cumberland, announces that the executive committee of the organization has decided that the annual meeting which was to have taken place at Detroit on the 21st inst will be postponed until September, 1899, many of the active members being engaged in the war.

## Refusal Accepted.

Madrid, Sept. 5.—The refusal of Senor Leon y Castillo, the Spanish ambassador to France, to serve on the Spanish peace commission, on the ground that he could not participate owing to the non-participation of General Horace Porter, the United States ambassador to France, has been accepted by the cabinet.

## Confiscation In France.

Rouen, France, Sept. 5.—The chintz factory of Garteide & Company at Melanney, near here, was burned. The loss estimated at 2,000,000 francs.

## A DECISIVE VICTORY

For the Anglo-Egyptian Forces at Omdurman.

## DETAILS OF THE BATTLE.

At Dawn the Cavalry Discovered the Enemy Advancing to Attack in Battle Array — Dervishes Finally Repulsed.

On the Nile, Nubia, Sept. 2, by camel post to Naari.—The Sirdar, General Sir Herbert Kitchener, with the khalfas' black standard, captured during the battle, entered Omdurman, the capital of Mahdism, at 4 p. m. at the head of the Anglo-Egyptian column, after completely routing the dervishes and dealing a death-blow to Mahdism.

Roughly our losses were 200, while thousands of the dervishes were killed or wounded.

The Anglo-Egyptian army encamped at Agaisa, eight miles from Omdurman. The dervishes were three miles distant.

At dawn our cavalry, patrolling toward Omdurman, discovered the enemy advancing to the attack in battle array, chanting war songs. Their front consisted of infantry and cavalry, stretched out for three or four miles.

Countless banners fluttered over their masses and the copper and brass drums resounded through the serried ranks of the savage warriors, who advanced unwaveringly, with all their old time ardor.

Our infantry formed up outside the camp. On the left were the First battalion Northumberland fusiliers, the Second battalion Lancashire fusiliers and First battalion grenadiers guards with the Maxim battery, manned by the royal Irish fusiliers.

In our center were the first battalion Warwickshire regiment, the First battalion Cameron Highlanders and the First battalion Lincolnshire regiment with Maxims worked by a detachment of the royal artillery, under Major Williams. On our right were the Sudanese brigades commanded by General Maxwell and General MacDonald. The Egyptian brigades held the reserves and both flanks were supported by the Maxim-Nordenfolt batteries.

At 7:20 a. m. the enemy crowded the ridges above the camp and advanced steadily in enveloping formation. At 7:40 our artillery opened fire, which was answered by the dervish riflemen.

Their attack developed on our left and in accordance with their traditional tactics, they swept down the hillside with the design of rushing our flank.

But the withering fire maintained for 15 minutes by all our line frustrated the attempt, and the dervishes halted, swept toward our center, upon which they concentrated a fierce attack.

A large force of horsemen, trying to face a continuous hail of bullets from the Cameron Highlanders, the Lincolnshire regiment and the Sudanese, was literally swept away, leaving to the withdrawal of the entire body, whose dead strewn the field.

The bravery of the dervishes can hardly be overstated. Those who carried the flags struggled to within a few hundred yards of our fighting line, while the mounted Emirs absolutely threw their lives away in bold charges.

When the dervishes withdrew behind the ridge in front of their camp the whole force marched in echelon of battalions toward Omdurman. As our troops surmounted the crest adjoining the Nile, the Sudanese on our right came into contact with the enemy, who had reformed under cover of a rocky eminence and had massed beneath the black standard of the Khalfas in order to make a supreme effort to retrieve the fortunes of the day. A mass, 15,000 strong, bore down on the Sudanese.

General Kitchener swung round the center and left of the Sudanese and seized the rocky eminence and the Egyptians, hitherto in reserve, joined the firing line in ten minutes and before the dervishes could drive their attack home. The flower of the Khalfas army was caught in a depression and within a zone of withering cross fire from three brigades, with the attendant artillery. The devoted Mahdists strove heroically to make headway, but every rush was stopped, while their main body was literally mown down by a sustained deadly cross fire.

Defiantly the dervishes planted their standards and died beside them. Their dense masses gradually melted to companies and the companies to dribbles beneath the leaden hail. Finally they broke and fled, leaving the field white with Jibbah-clad corpses, like a snow drift dotted meadow.

At 11:15 the Sirdar ordered an advance and our whole force in line drove the scattered remnant of the foe

into the desert, our cavalry cutting off their retreat to Omdurman.

Among the chief incidents of the battle was a brilliant charge by the Twenty-first lancers, under Lieutenant Colonel Martin. Galloping down on a detached body of the enemy, they found the dervish swordsmen massed behind and were forced to charge home against appalling odds. The lancers hacked their way through the mass, rallied and kept the dervish horde at bay. Lieutenant Grenfell, nephew of General Sir Francis Grenfell, was killed, four other officers were wounded, 21 men were killed and 20 wounded.

The Egyptian cavalry were in close fighting throughout with the Baggara horsemen. For a short period the enemy captured and held the gun, but it was brilliantly retaken.

The heroic bravery of the dervishes evoked universal admiration. Time after time their dispersed and broken forces reformed and hurled themselves upon the Anglo-Egyptians, their Emirs conspicuously leading and spurring death.

Among the wounded is Colonel Rhodes, the correspondent of the London Times and a brother of Cecil Rhodes.

## Kitchener's Report.

Cairo, Sept. 5.—General Kitchener telegraphs saying: "Only two British officers were killed in the battle—Lieutenant Grenfell of the Twenty-first Lancers and Captain Caldecott, Warwickshire regiment. Grenfell fell in a brilliant charge by the Twenty-first Lancers, who lost 21 killed and 20 wounded."

## Correspondent Killed.

London, Sept. 5.—General Kitchener telegraphs: "Howard, the war correspondent, was killed at the taking of Omdurman." It is believed that the dispatch refers to the Hon. Hubert George Lyulph Howard, second son of the Earl of Carlisle.

## Collision at Sea.

London, Sept. 5.—Advices received from Montevideo announce the arrival there of the British ship Glenrich, Captain Davies, Dund, from Tyne, May 29, for Valparaiso. The Glenrich is badly damaged above the water line, and has lost her mizzen mast, the result of a collision on Aug. 20 off Cape Horn with the British bark Balmoral, Captain Campbell, from Swansea, June 11, for San Francisco. The extent to damage to the Balmoral, if any, was not ascertained, as she proceeded on her voyage.

## United States Cutter Seized.

Montreal, Sept. 5.—The United States revenue cutter Algonquin has been seized here on behalf of J. W. Wade, who claims wages due him as a detective in Chinese smuggling cases. A question of international law is involved.

## German Torpedo Boat Sinks.

Berlin, Sept. 5.—The recent north-west storm which swept across the Baltic sank a German torpedo boat and severely damaged the whole German torpedo flotilla. Five of the torpedo boats barely reached harbor.

## Three Drowned.

Stamford, Conn., Sept. 5.—Frank, George and Mabel Ferguson, aged 24, 19 and 14 years respectively, of Brooklyn, were drowned by the upsetting of a row boat in a pond about a mile off Norton Island.

## Religion Denied Him.

Paris, Sept. 5.—The services at the interment of the remains of Lieutenant Colonel Henry at Pochy were civil, the bishop of Chalons having forbidden religious services to a suicide.

## Five Heat Prostrations.

Philadelphia, Sept. 5.—There were five deaths from the heat in this city and about 25 prostrations.

## EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
ROSSER & McCARTHY,  
Proprietors.  
MONDAY, SEPTEMBER 5, 1898.

### DEMOCRATIC TICKET

FOR CONGRESS,  
MORDECAI WILLIAMS,  
of Boyd County.

For Kentucky.—Thunderstorms, cooler in western portions, southerly winds.

EX-SECRETARY SHERMAN doesn't mince words, but comes right out in favor of an investigation and ascertaining who is responsible for the outrageous treatment of sick soldiers. And he wants the guilty parties punished, too.

Thousands of brave men who have done their duty valiantly in the face of the enemy incapacitated for want of proper food and shelter, and hundreds dying because of insufficient transportation and hospital facilities, and no one responsible! Every national volunteer camp in the country seriously afflicted with typhoid fever and no one responsible!"

The Chicago Tribune published figures showing that while 350 officers and men have been killed in battle or died of wounds received during the late war there have died of disease in camps between 1,200 and 2,000 volunteers and regulars. The Tribune has secured the names of 1,284 who died in camp, on transports, or at home after contracting diseases at one of the camps.

HERE'S an instance showing how the hospitals at Camp Thomas have been conducted:

Several days ago Lieutenant Watts, of the First West Virginia, was married in Chattanooga to a young girl he met there, and resigned. Colonel Spilman telegraphed the Governor of West Virginia to appoint Sergeant Harry Morgan, who was then thought to be in the hospital at Chickamauga, to fill the vacancy. The appointment would no doubt have been made had it not been learned that Morgan died in the hospital the last of last month, and no report whatever was made to the Colonel of division headquarters until Saturday morning.

### NO ONE RESPONSIBLE!

This from the Medical News is to the point: "Almost simultaneously came the telegram from General Miles, 'Do not send me any more troops,' and the remonstrance of the Round Robin from General Shafter's headquarters, 'This army must be moved at once or perish.'"

"What more startling rebuke could be given to departmental incompetency, or what handwriting on the wall could say with more distinctness, 'Thou hast been weighed in the balance and found wanting?' It is a fitting climax to the incompetency that landed the army in Cuba and abandoned it to its fate devoid of necessary medical and surgical supplies and the commonest commissionary stores, and yet no one was responsible! Most glowing accounts appeared of the up-to-date preparations for caring for the sick and wounded—improved ambulance and hospital facilities, ingeniously compact delicacies for the sick, etc., and yet when the demand for them came almost nothing was at hand—a complete breakdown of the service, and no one responsible!

### PITHY POINTS.

The wise consider eternity while time remains.

The rum traffic feeds society with burdens grievous to be borne.

What a man cuts out for himself here is the garment he finds completed for him in eternity.

Restrain the young from tobacco and the liquor traffic will suffer a great loss of revenue in the end.

The importance that whisky men assume don't make the manufacturer of the death-dealing poison any more moral.

No Christian (?) may expect to skip out of a distillery into the "pearly gates," should the King of Terrors suddenly come to him.

No man can honor his Creator, no matter what he may do, so long as he is found rejecting the only way to him, through his Son.

No where in the Bible may it be found that any drunkard or drunkard maker has any part in "the inheritance of the saints in light."

No man in the whisky business, be it in a large or small way, has any right or true acquaintance with his Creator as he has revealed himself in his holy word.

The Republican party can no longer raise a howl about Lynchings of colored brutes in the South, as it has come to be quite a fashionable thing in the North.

It seems there wasn't a very thorough search made into the outrageous conduct of those vandals in desecrating the graves of Confederate dead at Thoroughfare Gap, Virginia.

It may be barely possible that that Court of inquiry, of which H. V. Boynton was the head, to look into complaints as to officers at Chickamauga was organized to acquit. Stranger things have happened.

It will take a sharp lot of political gall for Republicans to make a campaign over the results of a war which their leader did all he could to prevent, but then, they always have the article on hand ready for use.

It should not be forgotten, when the Republicans make the conduct of the late war an issue at elections, that their leader, President McKinley, had to be forced into it by an outraged public feeling; which he tried in vain to resist.

### Electric Park.

At this popular amusement place to-night, Manager Seeker has a treat in store for the park patrons. He has gotten together a strong array of talent for this week and the park should have a liberal patronage for it certainly deserves it. The offerings are: The Haney's, who are the smallest comedy pair on the stage to-day, being midgets; they will present a new and entertaining singing and dancing sketch. The musical Shaefer's will make their first appearance before a Maysville audience and this talented duo will appear in a new and up to date sketch introducing many pleasing novelties on musical instruments. Lew Seeker, the Emperor of black face comedians, will have a bunch of funny sayings and new songs. 'Rastus will sing the "Thompson Street Cadets" as only he can. Then with the laughable opening act a good show is promised. The admission is 15 cents, including round trip car fare.

### Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky. Sold by J. Jas. Wood & Son, druggists.

The Father Mathews Total Abstinence Society has elected the following officers for ensuing term:

President—John Mahony.  
Vice President—John Kerwan.

PROF. I. S. KAY and three of his former pupils of Tollesboro, Winn Bowman, Vischer Burdick and Ella Bane, received high grade certificates at the teachers' examination, all averaging over ninety.

WATCHES that others have reduced from \$20 to \$12.75, Clooney's regular price \$12. All sizes, with Elgin movements. He will save you at least 25 per cent. on all class of repairs. Don't be deceived by fake reductions.

Mrs. JOHN LEONARD, aged about sixty-five, died this morning at 2½ o'clock at the home of the family on West Second street after a lingering illness. She leaves several children. The funeral will occur to-morrow afternoon.

The Louisville Poultry Show, which is the third annual exhibit of the Kentucky State Poultry Association, will be held January 16-21, 1899; and from all indications will be the most successful that the association has ever held.

The late Governor Claude Matthews lived at one time many years ago at the beautiful farm on the Mt. Sterling pike near this city, known as the Greathouse place, which his father owned. He was a college mate at Danville of the late Richard L. Greene, of Washington, they having been very intimate up to the death of Mr. Greene.

A SYSTEMATIC scheme has been unearthed by the Treasury Department, by which "straw" war bond bids were offered by New York financiers. The investigation shows that millions of dollars in bonds was acquired by irregular means. Many bidders were hired to sign. Some signatures are supposed to be forgeries. This may result in a refusal to issue certain bonds. Secretary Gage intimated that this would be done.

# Shrewd Women.

Women with an eye to the main chance—sharp, keen, acute, sagacious women—will be interested in some Muslins and Cambrics. We have crowded out every farthing of cost that didn't take quality with it, and here is the result:

**CAMBRIC AT 5 CENTS A YARD**—High bleach, thirty-six inches wide. Big contract made when mills were doing little keeps to-day's 7½c. value at 5c. in this store.

**UNBLEACHED MUSLIN 5 CENTS A YARD**—Fine, smoothly-twisted yarns in a generous weight, thirty-six inches wide—a quality that big contracts made possible at the price.

**PILLOW SHAMS**—It was just because a machine was taught to do "hand work" that we can sell these Cambric Pillow Shams, elaborately embroidered, for \$1 a pair. It isn't embroidery at all, but a machine trick that looks like it. Other Pillow Shams up to \$2.50 a pair, and any of them marvels of good value.

**APRONS** are tedious to make and require an amount of material that surprises a novice. We will give you a chance this week to get aprons ready-made cheaper than you can buy the material. India Linon and Gingham, a half-dozen different kinds. Large Gingham Aprons, forty inches long, 12½c. White India Linon Aprons 15c. Others equally pretty, useful and cheap.

### DRANK OUT OF A POOL,

And Nearly All Have Since Had Typhoid Fever—Can't be Too Careful of Drinking Water.

Last spring Mr. Cal Arthur, of Shannon, had a force of hands engaged setting out tobacco. Near the field was a pool, and water from this pool was used for drinking purposes while they were at work, simply because it was "close at hand." Mr. Arthur suggested once or twice that the water was not the best, but the rest of the crowd thought it would be wasting time to send some one to the cistern or spring that was further away.

Since then Mr. Arthur and nearly all the others who drank out of the pool have had severe attacks of typhoid fever. Mr. Arthur was dangerously ill for weeks, but is now able to be out. Some of the others have not yet recovered.

There is hardly any doubt that their sickness is directly due to the water they drank out of the pool. It's an instance showing the great importance of having a supply of pure water for drinking purposes.

General Forrest.

It is told of the great cavalry leader that when his command was in Memphis, his home, upon one occasion, in a reckless spirit he rode his horse up the high marble steps leading to the office of the Peabody Hotel and down again without a stumble or misstep. Our informant, living in Louisville afterward, was in the store one day with a company of gentlemen, among whom was a wag of a fellow who knew most everybody, when a soldierly looking man came in out of a sudden shower of rain. The wag, who had been in the Southern army, recognized the man as General Forrest at once and began introducing him to the crowd as "My friend, General Forrest, gentlemen." The General shook hands all 'round in his courteous, easy style, and when through he turned to his introducer and asked, "Now what may your name be, please." Our informant said he had seen the wag in a good many uncomfortable predicaments, but he had never seen him appear to so poor advantage as upon that occasion, and that the fellows about the house ran him about his "acquaintance" with General Forrest a good while.

The Electric Vaudeville Company will have a special attraction on at the park for the matinee this afternoon, and at night the boys will keep the ball rolling with fire works and a boxing contest between Danny Rowan, of Cincinnati, and George Beebe, of Louisville, in connection with the regular performance. CYNTHIANA Log Cabin: "Mrs. A. P. Gooding received at her country home Monday afternoon, August 29th, in honor of Miss Nancy Peed, of Mayslick. There is not a prettier home in Harrison nor one more suitable for a reception. The spacious rooms were all thrown open and beautifully decorated and the gauzy dresses and bright faces of those attending added much to the attractiveness of the evening. Mrs. Gooding was assisted by Mrs. M. E. Lydick, who presented the guests to her at the parlor door; Mrs. J. T. Simon and Mrs. W. C. Lydick met the guests at the end of the receiving line and directed them to the punch bowl, over which Miss Stella Simon presided. At the dining room Mrs. J. J. Curle and Miss Lizzie Browning saw that they were bountifully served. Mrs. Tom Martin and Mrs. Sophia Dougherty also assisted in entertaining during the evening. Among those present were Mrs. T. J. Prather and Mrs. S. M. Myall, of Mayslick.

### Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hannick & Co., of Shelby, N. C. Trial bottles free at J. James Wood's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

## AT THEIR OLD CAMP.

The Twenty-Eighth Indiana Reaches Indianapolis.

### WERE GIVEN SANDWICHES.

The Hungry Men Were Refreshed at the Depot by Entables Which Were Furnished by the Ladies' Aid Society.

Indianapolis, Sept. 5.—The Twenty-eighth Indiana battery, Captain Ranke commanding, reached this city at 4:30 p. m., and is now camped at Camp Mount. The Ladies Aid society furnished sandwiches and Mayor Taggard coffee, the men being fed at the Union station.

### Indicted For Malfeasance.

Owensboro, Ky., Sept. 5.—The grand jury here brought in indictments against L. V. Pierce, chief of Owensboro police, for assault and battery and abusing a woman while arresting her, and against H. W. Pierce, marshal of Whitesville, for extortion and another for usurpation. These were for charging fines and penalties for offenses that the prisoners had never been tried for and the money so received not accounted for. All the trustees of the town of Whitesville were indicted for malfeasance in office and some for usurpation. Several prominent Owensboro men were indicted for having obscene pictures in their possession and a prominent photographer for taking them.

### A Severe Storm.

Terre Haute, Ind., Sept. 5.—A terrific wind storm swept over this city at noon, uprooting trees and blowing down houses. The storm was accompanied by thunder and lightning and several houses were struck. Dr. Willis, a physician, was rendered unconscious for an hour by a bolt which struck his residence. Stock and buildings in the surrounding country are reported to have been badly damaged, but no fatalities have been reported. The Knights of Pythias hall was unroofed and lodge furniture and the uniform rank properties ruined by water. The aggregate loss will be heavy.

### City Marshal Shot.

Seymour, Ind., Sept. 5.—About 11 o'clock Sunday morning City Marshal Abe Thickett attempted to arrest George Harris of this city on a warrant for wife beating. Harris resisted arrest and shot the marshal in the head. The marshal rushed at Harris and beat him over the head. The prisoner was taken to Brownstown for safe keeping.

### A Rich Hoosier Dies.

Evansville, Ind., Sept. 5.—Samuel Bayard, president of the Old National bank of this city, died at Saratoga, N. Y., where he went for his health a week ago. Mr. Bayard was a multimillionaire, being the wealthiest man in southern Indiana.

### Proved Fatal.

South Bend, Ind., Sept. 5.—Christopher Herpich, who was so badly burned in an explosion caused by a boy throwing a cigarette into some gasoline, died from his injuries.

### Ruled Off the Track.

Baltimore, Sept. 5.—Chairman Mott of the League of American Wheelmen racing board has issued the following bulletin: Charles Campbell and John Woods, Hillsboro, O., are suspended from the sanction privilege and ruled off all League of American Wheelmen tracks in every capacity for promoting unsanctioned races. Fred S. Couiter, Frankfort, Ind., and track are placed on the list of those to which all sanctions will be refused, pending payment of prize and \$10 fine for refusal to send in report. Couiter is also ruled off all League of American Wheelmen tracks.

### No Fever Yet.

Key West, Fla., Sept. 5.—State Health Officer Porter issued a proclamation stating that he believes no yellow fever exists in this city, nor has there been any here this summer. The present quarantine will be kept on for a few days as a means of extra precaution to avoid the possible error of last year in the upper gulf coast.

### Loss by Fire.

New York, Sept. 5.—Fire totally destroyed the East Side Boulevard horn, rubber, bone and ivory works at First avenue and 124th street, entailing a loss estimated by the owners of the building at \$200,000, and by the police at \$85,000.

### Bermuda's Governor.

New York, Sept. 5.—Lieutenant General G. D. Barker, governor of Bermuda, accompanied by his daughter, arrived in this city on the steamship Orinoco. The governor is here to meet his wife, who is on her way from England.

### Steamer Damaged.

Nagasaki, Sept. 5.—The steamer Zealandia, a United States transport, from Manila, has arrived here in a damaged condition. A survey was held and it was recommended that the steamer be docked for examination.

## MAUSER MISCHIEF.

SOME SURPRISING RESULTS OF THE SPANISH RIFLE FIRE.

Experts Must Revise Their Theories According to a New Set of Facts—The Little Bullets Knock Men Down, but Do Not Always Kill.

We are finding out a lot of things about rifles and rifle bullets, things we didn't know before or even suspect. Before any actual fighting had been done we listened with awe to the experts and theorists who made long dissertations on the effectiveness of the modern small arm. They built up startling pictures for us about the penetrative energy of the new bullets and told us that a dozen or more men, standing one be-

THE FEARFUL IMPACT OF A MAUSER BULLET. Behind the other, would all be pierced by a single bullet fired by a soldier at 2,000 yards.

But all these theories have been rudely shattered by actual experiences in the field and observations in the army hospitals. The modern bullet still remains a decidedly furthest-reaching and particularly active missile, but its wickedness seems to have been overestimated. It was supposed that the small steel or brass jacketed Mauser bullet, sent on its errand by a charge of high explosive, would speed merrily through the soldier in its path and go on to the find other victims without so much as a second's delay.

But the Mauser bullet has done nothing of the kind. It has, however, done other surprising things. For instance, you would hardly think that a bit of lead and steel about the size of a two inch section of a lead pencil could strike a 180 pound soldier with force enough to knock him end over end for a distance of a dozen feet, yet at San Juan hill and other places around Santiago where Mauser bullets were quite prevalent in the air at times they were observed to do exactly that on numerous occasions.

We must also revise our theories as to the amount and character of damage which a Mauser bullet inflicts. This cannot be done hastily or by a layman, for the manifestations of the mischief which these bullets are capable of have been varied. Sometimes they killed, but oftener they merely wounded. At any rate, they have not proved half so terrible or deadly as we expected them to be.

Some of the wounded who have been brought back to the United States were almost shot to pieces. There are soldiers who have been hit by as many as eight Mauser bullets. According to all surgical traditions, these men ought to be dead, but they are not.

In speaking of those brought to New York on the Olivette, Assistant Surgeon Brown said: "The worst wound to be found upon the ship was borne by Norman Orme of Company E, First Volunteer cavalry (the rough riders). Orme was fighting Indian fashion—lying upon his stomach and shooting when he saw a chance—when he was struck by a Mauser bullet. He was aiming his rifle at the time, and his left arm was bent.

"The Spanish bullet struck Orme in the left arm just above the elbow and pierced it. Passing out, it entered the upper arm, producing a compound comminuted fracture of the bone of the upper arm. The bullet passed out of the arm and entered Orme's body just below the left armpit. Thence it ranged downward, passing through his lung. At the opposite side of the body the bullet was checked by a rib. It had force enough to smash this rib, but it could go no farther and remained in the man's body.

"In this case six wounds were inflicted by one bullet, and the extraordinary part of the thing is that Orme has a very good chance for recovery."

Men who were shot through the kidneys, liver or lungs are able to walk

HOW ROUGH RIDER ORME WAS SHOT. A soldier who was shot straight

through the brain has lost the sight of one eye, but otherwise he is sound. Another man, who was shot through the head just above the ears, was able to sit up the day after the boat left Cuba. These are some of the things done by Mauser bullets. Now let the experts give us some brand new theories.

## COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

### BERNARD.

Bernard is quite a popular summer resort just now.

Mrs. Sudie Trow is the guest of friends in Mayville.

Misses Laura Mason and Amelia Curtis have gone to Midway to attend school.

Gill Smoot, of Minerva, was seen in the vicinity of Bernard Wednesday evening.

Miss Amelia Werner, of Allegheny, Pa., is visiting at the home of Mrs. Knoeshaw.

Rev. Wallace Sharp, who is holding a protracted meeting at Orangeburg, is a very able minister. All should hear him who have an opportunity.

Miss Jessie Yancey is entertaining a house party. The guests from a distance are: Misses March and Bond, of Lexington, and Mr. Whitehead, of Frankfort. Young ladies and gentlemen from Mayville make up the merry party. Mr. Walter Wormald entertained them last Tuesday evening with a boating party. Miss Yancey is a charming hostess and all who partake of her hospitality sing her praises.

### "IN MEMORY"

Of William Thomas Gooch, who died at the house of Miss Sarah King at Stonelick, of inflammation of the stomach, August 22nd, 1898. In the twenty-ninth year of his age.

Deceased was born near Richmond, Va., and came to Kentucky eleven years ago. He had spent most of his time while in Kentucky near Orangeburg where he had made a host of friends for his pleasant and polite way he had of dealing with everyone.

We stand dumb in deciphering the mysteries of death and why this life was so suddenly snuffed out just in its prime. But it is not given us to know why this should be one early terminated. Our Heavenly Father in his infinite wisdom has called Tom home to heaven, where there will be no more sickness or distress and no more disappointments, but where all is joy and happiness. At home with loved ones gone before him. It was so sudden, but the cold hand was placed on him and beckoned him to enter the valley of the shadow of death (which he did without a murmur or regret); the opening of which is a brighter morrow than ours. Behold the thought "too beautiful for our poor earth."

And was not such the savior's thought of his dear child when he called him away from all earthly ties, leaving many sorrowing hearts, whose wounds time can never heal. In the death of Tom the community at large lost a friend and his mother lost a devoted son. The funeral took place at the Stonelick Baptist Church where a lovely tribute was paid to his memory by Rev. Wallingford, assisted by Rev. Tolle, after which the remains were peacefully laid to rest in the Stonelick graveyard.

Upon the loss of such a friend how sweet is the thought there is no death. "Dear, beautiful death the jewel of the just. Shining nowhere but in the dark; What mysteries do lie beyond the dust, Would man ever look that mark. He who hath found some fabled bird's nest, May know at first sight if the bird be flown; But what fair field or grove he sings in now, That is to him unknown." L. G.

The Kentucky hospital train left Chickamauga Saturday night with fifty-three sick men, most of whom belong to the Second Kentucky infantry. In the number is Sam Colburn of Flemingsburg.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

Our leaf tobacco market during the past week showed more strength than it did when we last reported. The offerings were large only on Wednesday and moderate in size on all other days, and consisted largely of common to medium tobacco, which grades were in better demand than any other. The sales were generally satisfactory and there were not a large proportion of rejections. Fine tobacco is not selling proportionately well with other grades, though there is but very little opened on the breaks. We believe this is most always the case just about this time of the year, and we do not doubt that these better grades will soon have their inning. Among the few headstades of fine goods which were offered two sold at the Morris House up to 21½¢, and 23½¢. They were exceptionally fine.

The new crop is being housed under fairly favorable conditions, and the next two weeks will see the bulk of it under roof. Our reports are that it has grown out wonderfully in the last few weeks, and in some sections they say they have the largest size of leaf they ever produced. Not all districts, however, report quite as favorably, and the entire yield will not likely be larger than needed, after so short a crop as we are now handling.

CURED breaks his bow at the sight of a face full of pimples. Hollow cheeks, sunken eyes, and a sallow complexion will defy his best intentions. Beauty is more than skin deep. The skin is merely the surface on which is written in plain characters the condition of the body. Dr. Pierce's Golden Medical Discovery is good for the complexion because it makes the whole body healthy—because it clears and purifies the blood, makes the digestion strong and clears out impurities of all kinds. By increasing the ability to assimilate nutritious food, and by the infusion of its own ingredients it enriches the blood and so makes solid, healthy flesh. It cures diseases of the lungs, liver, stomach, bowels, skin and scalp, simply because all these diseases spring from the same cause—a disordered digestion and consequent impure blood.

Edham, Mass., Sept. 5.—The condition of Thomas F. Bayard was reported as being very serious.
